

# URM Sidewalk Survey Follow-up

Post-Survey Poll for Volunteers | Everett, Washington

*Volunteers who participated in a one-day survey of unreinforced masonry (URM) buildings in Everett, Washington, were asked to respond to a follow-up poll afterwards. The poll sought their opinions of both the survey app and the training that they received.*

## Poll Questions

- 1. Before today, how much experience did you have identifying features of unreinforced masonry buildings?**
  - a. No experience
  - b. Some experience
  - c. Years of experience
  - d. Professional experience (e.g., work as a structural engineer, etc.)
  
- 2. Do you feel like you received enough training to identify the building features we asked for?**
  - a. Yes, the training was adequate
  - b. No, some more training was needed
  - c. No, a significant amount of additional training is needed
  
- 3. What did you think about using Survey123 as a data collection tool?**
  - a. Simple and easy to use
  - b. Neutral
  - c. Challenging to use
  
- 4. Were the survey questions on Survey123 clear and easy to understand?**
  - a. Yes
  - b. No
  
- 5. Do you wish to provide any additional thoughts about Survey123? (type a response)**
